Background

After completing matric, I needed guidance to take the next step towards higher education. Sphelele Dlamini was the person who supported me through that journey, and this testimonial reflects the impact of that support.

How I Was Supported

- Online Application: Helped me understand and correctly complete my university application from start to finish.
- Offer Acceptance: Guided me through accepting my offer accurately and within the required deadline.
- Registration: Supported me through the registration process, helping me avoid confusion and delays.

My Reflection

Each of these steps could easily have overwhelmed me on my own. Having consistent, patient guidance throughout made the entire transition from matric to tertiary education feel manageable and gave me confidence in my next steps.

As a Result

I am currently studying at:

Institution: Durban University of Technology

Course/Programme: Diploma in ICT: App Dev

In Closing

I sincerely thank Sphelele Dlamini for the time and care invested in helping me. I would gladly recommend this same support to any other learner navigating their own application, offer acceptance, or registration process.

Yours faithfully,
